TRS Planning

Transformation. Results. Strategy.

CAPABILITIES STATEMENT

Texas government teaming

Texas certified. Delivery focused.

SDVOSB & Texas VetHUB certified.
Project leadership, better operations, and practical AI.

For prime contractors delivering Texas government work.
Clear scope. Accountable delivery.

CORE CAPABILITIES

Project leadership & PMO
Plans, accountable owners, team and vendor coordination, risks, governance, and decision-focused reporting.

Operations & process improvement
Process mapping, workflow automation, practical measures, adoption, and operational handover.

AI implementation & adoption
Use-case prioritization, requirements, delivery coordination, governance, testing, adoption, and value tracking.

WHAT TRS PLANNING BRINGS

Founder-led delivery with Tedd Shimp, PMP.
Former Marine Corps officer with 20+ years of experience planning and delivering services.
AI delivery, workflow, and adoption experience.

TEAMING CONVERSATIONS

Share the agency or solicitation, proposed scope, delivery schedule, and subcontracting role. We will assess fit and provide current vendor documentation.
